Our fees, like our debt recovery service, are tailored to meet your needs and debt profile. We are confident in our ability to collect and subsequently underwrite the costs of all collection activities.

We will always strive to ensure that we are cost-efficient by offering our services on a 'No Collection, No Fee' basis. This is obviously advantageous as it ensures that our goal is to achieve maximum collections for our mutual benefit.

At ACT, we pride ourselves on delivering an exceptional service. Our focus is on continually developing our staff, practices and technology to ensure that we deliver an excellent service.
